## AT TURNER CAMP.

Mr. and Mrs. R. H. Turner, Sr., and son and daughter Miss Fan and Mr. Bodo Turner left Monday noon on their usual fall visit to their country place near Powelton, making the first break in the congenial party who have spent the summer at "Turner Camp" near Magnolia Bluff.

Those remaining in camp are Mr. and Mrs. John Merritt, Mr. and Mrs. Charles H. Turner, Mr. and Mrs. W. S. Garfield, Mr. and Mrs. Mellen, Mr. and Mrs. Whiting Hyer, Mr. and Mrs. Henry Hyer, Mr. W. K. Hyer, Sr.

## RUNNING A NEWSPAPER.

This from Washington Life: The managing editor wheeled his chair around and pushed the button. The person wanted entered. "Here," said the editor, "are a number of directions from outsiders as to the best way to run a newspaper. See that they are all carried out." And the office boy, gathering them all in a large basket, did so.

## A MUTUAL RELATIVE.

A late story of Irish wit is located in New Orleans. An Irishman boarded a train in which every seat except one was occupied by two people. This seat had as occupants a young sport and a large, shaggy dog. The Irishman stood up by the seat, expecting that room would be made for him. The young man did not take the hint, but regarded the other, who was poorly dressed, with ill-disguised scorn. At last the Irishman remarked: "That's a fine-looking dog ye have with ye. What breed is it?"

"It's a cross between a skunk and an Irishman," was the sneering answer.

"Sure, then, it's a relative of both of us," was the instant retort.—Argonaut.

The decadence of the stage becomes more and more apparent, and the most talented actors seem to have followed Hoch into polygamy for the same commercial reason.

Blountstown, Sept. 4.—On Friday night the Epworth League gave an ice cream and box supper in the new building of S. W. Clark & Bro. The house was decorated nicely in flowers, and everybody enjoyed themselves to the greatest extent.

The occasion proved to be a success, the league taking in twenty dollars and some cents, which will go to help the league and church.

Misses Edna and Jessie Allen, of Bainbridge, are visiting the Misses Fannin, of this place. They attended the ice cream supper Friday night.

Mr. Albert Boykin, a prominent citizen of Cypress, was in town Friday and Saturday.

RAILROAD MEN  
AT ESCAMBIA  
CAMP

The Relay Crew is Having a Jolly Time of It and is Observing Quarantine Regulations Strictly.

Special to The Journal.

Escambia Relay Station, Sept. 4.—Fifty or sixty Louisville and Nashville Company employees are in camp at Escambia, sent here on account of quarantine regulations. In view of the fact that we have friends who don't know where we are or what we are doing, we have appointed a correspondent to write The Pensacola Journal at least once in two days. We have very comfortable sleeping quarters and plenty of good eating, all furnished by the L. & N. railroad, which has the record of always taking good care of its employees. Every effort is made to accommodate the employees in camp.

We have made regulations to govern ourselves which we will not mention. We have quarantined all mosquitoes. We have not had any trouble in enforcing our regulations only in one case. A certain young Irish boy came from Pensacola and he violated our rules and was thrown into Escambia bay in eight feet of water with his clothes on. After coming out he was angry and not satisfied. Several members rolled him in the sand with his wet clothes and sent him back to Pensacola.

We could tell of a number of things that have passed in our camp, but we will have to keep some of it for our next writing. However, our only objection in writing is to let our friends know we are still alive. We promise our friends and The Pensacola Journal that we will keep them posted as to conditions here.

## THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler, of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Cleburne county, Alabama. He says: "While there I ate some fresh meat and some sausage meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was cured in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale by all druggists.

WILL L. MOYER.

A Wart or Pimple  
MAY BE CANCEROUS.

When a wart, mole or pimple shows any sign of tenderness it is a warning that bad blood is behind it. Often these places are on the face, hands, legs or other part of the body for years, and give no sign to cause uneasiness, and then with a little rough handling, a slight cut or bruise will develop into a sore that refuses to heal, and the sufferer finds himself afflicted with a cancerous ulcer.

About three years ago a blister came on the right side of my nose. It grew steadily in spite of all efforts to heal it up; the pain was not very severe at first, but increased when the sore began to inflame and discharge matter. At times the place would scab over and appear to be getting well, but the scab would drop off, leaving a red, angry looking ulcer. I had almost despaired of ever curing it, when my attention was called to S. S. S., and after taking a few bottles the sore began to gradually grow smaller, the discharge stopped and I was cured.

Owensboro, Ky. JNO. MASSIE.

If the blood is pure and healthy these sores cannot exist. S. S. S. is the ideal blood purifier. It cleanses the blood of all poisons and impurities, making it strong and vigorous and able to supply the body with the strength and nourishment it needs. There is nothing that acts so promptly as S. S. S., toning up the entire system, helping the general health and curing sores permanently.

Do not let a wart or pimple develop into a cancerous ulcer, but purify your blood with S. S. S. It is nature's remedy, purely vegetable, and while driving all poisons from the blood, will build up every part of the system. Book on the blood and any medical advice desired will be given without charge, to all who write.

## SMART SIMPLE TOILETTE FOR SWEET SIXTEEN.

Almost any of the fashionable materials in vogue for the younger generation will develop well in this smart, but commendably simple style. The original model is in a soft printed silk a cinnamon brown, having a little black open ring embroidered piquantly in black; and the chemise of a rather coarse ecru linen, likewise embroidered in black, serving to emphasize this contrast. A double ruffle serves as an all-round berth, this ending under the chemise in front, while the fastening is effected in the back. The sleeve is a simple puff with a ruffle to finish at the elbow. The skirt accords with the demand for fullness. Shirrings at the band adjust the fullness, and there are three bias ruffles, lace-edged like those of the waist, spaced above the stiffened hem.
